

9 REASONS BUSINESSES STILL FAX

Why faxing is still relevant

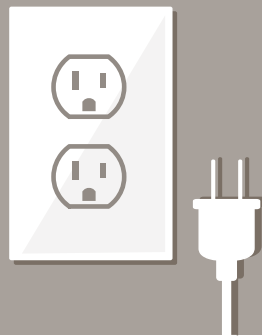

ONE

Fax can effectively communicate complex information such as text, diagrams, and handwritten notes

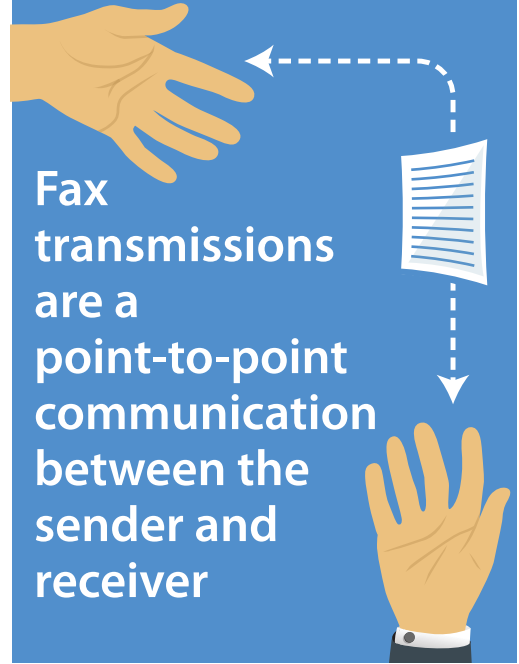

TWO

Fax is a ubiquitous capability that can be added to any office

THREE

Fax transmissions are a point-to-point communication between the sender and receiver

FOUR

Fax is embedded in many business processes today

Fax

transmissions are immune to viruses and malware

FIVE

SIX

Fax is traceable – you can prove that a fax was sent or received by fax logs

SEVEN

Fax is legally binding – a signed fax is as good as the original in many countries

EIGHT

Fax is simple to use – whether it's a fax machine, fax server, or cloud fax service

NINE

Fax can easily be integrated into IT systems both for outgoing and incoming messages
